YOUTH ADVISORY COMMITTEE SECONDARY MINI-GRANTS
Criteria for Secondary (6 – 12) Grantseekers

Purpose: The intent of the Mini-Grants Program is to introduce the concept of a Community Foundation and its work while supplying educational and funding opportunities. Grants of up to \$300 are available for projects or programs that will benefit secondary age students in Jackson County schools in order to encourage youth volunteerism through these projects and programs, and to enhance the school/classroom environment through positive activities.

What can be funded? Proposals that are school or student oriented will be considered for funding. These include special classroom projects planned by students, or extracurricular activities such as student newspapers, special sports or arts-related projects. As this is a student program, teacher or administrative programs will not be considered for funding.

Who can apply? Any student(s) and an adult teacher/advisor of a school club, organization or classroom in grades 6 – 12 can apply for a grant. All applications **must be handwritten by the student(s)** and must be signed by the teacher AND principal. Teachers are encouraged to have their class or organization work on their proposal as a total class project and help them to investigate the cost of budget items. ***No teacher or classroom may submit more than ONE application during each school year.***

When and Where: **15 stapled copies** of the mini-grant application may be brought or mailed to the Jackson Community Foundation's office from October – April of each school year.
